BUSINESS SYSTEMS ANALYST | REPORTING & PROCESS AUTOMATION

EXPERIENCE

The Church of Jesus Christ of Latter-day Saints Apr 2026 - Present

IT Product Management Intern | Riverton, UT (Hybrid) | Full-time

- **Rebuilt a global reporting pipeline** in three weeks versus an initial three-month estimate; transformed GraphQL data into Dataverse tables for Power BI reports used by Church area technology managers worldwide.
- **Automated weekly reporting and historical snapshots** with Power Automate, SharePoint, and Power Query; documented the pipeline and process for handoff and configured the solution independently of an individual account.
- **Validated data completeness** by comparing pipeline output with a legacy specialist report, identifying a missing geographic area and iterating until records matched; reviewed reporting with area managers and contributed to the dashboard.
- **Stabilized scheduled reporting** by resolving workflow issues and moving runs from Sunday to late Monday after Sunday failures; the pipeline has run for more than two months without reported failures.
- **Prepared support content for migration** by organizing wiki metadata, identifying articles for retirement or updates, and packaging standardized articles as JSON files for the migration team.

Brigham Young University - Record Linking Lab May 2024 - May 2025

Research Assistant & Web Developer | Provo, UT | Part-time

- **Built and deployed a React/.NET donor platform** supporting African student researchers; partnered with faculty and incorporated user feedback into the donor experience.
- **Developed a learning platform** with course-upload tools and progress badges; both lab platforms remain in use, with research students continuing to request guidance on changes and improvements.

Missionary Training Center May 2024 - Apr 2026

Spanish Area Supervisor | Provo, UT | Part-time

- **Led scheduling, coaching, and training for 15 teachers** using monday.com and Oracle; delivered weekly training and biweekly observations to improve instructional consistency.

EDUCATION

Brigham Young University | Marriott School of Business

Bachelor of Information Systems Management | Expected Dec 2026 | GPA: 3.5

BYU IS INTEX Competition - 1st Place: Designed and deployed a full-stack website using SQL, entity-relationship modeling, HTML/CSS, and AWS EC2 (2024).
