BUSINESS PROCESS & AI AUTOMATION ANALYST

EXPERIENCE

The Church of Jesus Christ of Latter-day Saints Apr 2026 - Present

IT Product Management Intern | Riverton, UT (Hybrid) | Full-time

- **Accelerated reporting delivery with AI-assisted development**, rebuilding a global pipeline in three weeks versus an initial three-month estimate; reports serve Church area technology managers worldwide.
- **Automated weekly data processing and historical snapshots** with Power Automate, GraphQL, Dataverse, SharePoint, and Power Query to feed Power BI reporting without recurring manual runs.
- **Validated pipeline completeness** by comparing outputs with a legacy specialist report, identifying a missing geographic area and iterating until records matched; incorporated feedback from area managers.
- **Built for reliable operation and handoff** by resolving workflow issues, moving runs to late Monday, and documenting the process; account-independent automation has run for over two months without reported failures.
- **Prepared support articles for migration** using AI-assisted content workflows, metadata analysis, and standardized JSON files; identified retirement and update needs before handoff to the migration team.

Brigham Young University - Record Linking Lab May 2024 - May 2025

Research Assistant & Web Developer | Provo, UT | Part-time

- **Built and deployed a React/.NET donor platform** supporting African student researchers; partnered with faculty and incorporated user feedback into the donor experience.
- **Developed a learning platform** with course-upload tools and progress badges; both lab platforms remain in use, with students continuing to request guidance on changes and improvements.

Missionary Training Center May 2024 - Apr 2026

Spanish Area Supervisor | Provo, UT | Part-time

- **Led scheduling, coaching, and training for 15 teachers** using monday.com and Oracle; delivered weekly training and biweekly observations to improve instructional consistency.

EDUCATION

Brigham Young University | Marriott School of Business

Bachelor of Information Systems Management | Expected Dec 2026 | GPA: 3.5

BYU IS INTEX Competition - 1st Place: Designed and deployed a full-stack website using SQL, entity-relationship modeling, HTML/CSS, and AWS EC2 (2024).
